Helpful Suggestions

- Begin preparing your audition materials now and seek out help from your Band Director and/or private lesson teacher.
- Practice sight-reading prior to your audition.
- Pay careful attention to etude tempos and musical markings (dynamics, style, etc.).
- For the chromatic scale – more octaves are not necessarily better! Be sure that what you perform represents your very best sound, and at a comfortable tempo to make the scale clear and precise.
- Perform your audition materials for your friends and family (or Band Director) ahead of the actual audition to build confidence.
